To all Companies signatory to the QCCC/NDTMA Collective Agreement

Re: Wood Buffalo Long Term Maintenance Agreement (WBLTMA)

It is regretful to advise that in spite of several meetings with the QCCC, we are not able to confirm an extension to the above agreement.

The modified terms of the WBLTMA are therefore terminated and the terms of the collective agreement, based on the location of the services being provided, are now the applicable terms of service provided under the current collective agreement.

The Prairies Article VI-6.04 Work Schedules for Long Term Maintenance Rotational Shifts MAY be applicable on sites where the WBLTMA had been in place. Please review the article and Contact Gerry Sieben, or one of the Prairies Directors with any questions, as to the applicability of 6.04.

Regards,

Darren Steele – President

Gerry Sieben – Executive Director
